MEMORANDUM FOR KANSAS AIR AND ARMY NATIONAL GUARD PERSONNEL

SUBJECT: KSANG Fulltime Vacancy Hiring Freeze

1. This memorandum supersedes the 6 June 2014 memorandum, same subject. Effective 18 August 2014, the hiring freeze placed on Kansas Air National Guard Technician positions is lifted. The HRO will continue to monitor the Technician Request for Fill SF52s. We will ensure that personnel facing reduction in force have been considered for reassignment within their Technician competitive level before the HRO approval is provided to advertise vacancies. Positions will be limited to "onboard Permanent Technicians of the Kansas Air National Guard" until all qualified candidates have been exhausted.
2. The hiring freeze on AGR Officer and Enlisted positions will stay in effect until further notice.
3. Point of contact is Lt Col Shayna Holman, DSN 720-8182, commercial 785-274-1182 and email Shayna.m.holman.mil@mail.mil.
